April 2008

April was a very busy month for the Beta Phi colony. From the Alumni Golf tournament to a date dash to intramural sports, every weekend was packed. At this stage in the process of becoming a chapter, it is very crucial to get involved in campus.

First of all, this month was a very important in the re-colonization process, as the chapter completed Phase 1 of the process. After months of compiling paperwork, hosting events, and making sure the chairs set up materials to pass on, the colony has finally moved on to the next phase.

Second, the members of the chapter serenaded all of the sororities on campus. Alex Hecker, the chapter's Annotator, played guitar, and Eduardo

Atjian played trumpet as the rest of the colony sang the *Sweetheart of Sigma Chi* after a humorous rap about the colony delivered by John Komadina and a dance that most of the actives participated in. All of the sororities were incredibly moved, and a few of the ones the chapter didn't serenade on the first day waited anxiously for their turn during the second day of serenades.

April was a very important month for intramural sports as well, as the Ultimate Frisbee, Speed Soccer and Softball teams all had games. The highlight of the Softball season occurred when the team beat Fiji's team by ten points. Both Ultimate Frisbee and Speed Soccer had great seasons as well.

The chapter was also involved in the annual "Take Back the Night" on campus, a night dedicated to ending domestic abuse and sexual

attacks and to sexual awareness. The chapter was the only fraternity involved with the event, and made a great impression among all the sororities present.

The Sigma Chi Annual Golf tournament was launched this year, and was a great philanthropic activity for the chapter. Several thousand dollars were raised through the people playing and sales of tickets for the final raffle, which included prizes such as golf clubs and clothing.

Finally, the chapter hosted a very successful date dash with the sorority Kappa Kappa Gamma. Buses transported all to the ballroom of the Doubletree Hotel, where they were greeted by a live DJ and plenty of music.
